Street fight

By BILL BAGBY
Staff writer

GRANITE CITY — Debate continues about the condition of city streets and funding for them to be repaired. About \$210,000 is considered available for street repairs.

Mayor Von Dee Cruse told the City Council Tuesday night he is against giving each ward \$30,000 out of the general fund for street repairs.

"WHAT WE NEED is a street plan," he said. "Just taking \$30,000 and giving it to an alderman (to arrange for street work in his ward) without any planning is not good business."

Cruse said the overall street problems should be looked at, rather than by wards.

"We ought to do this by priority," he said. "We need to repair the streets that need it the most."

He said that out of the 320 miles of streets in the city, 100 miles are "dirt" and need periodic resurfacing.

"I THINK IT'S TIME for a change," Cruse said. "We've got to agree to get something going."

However, many of the aldermen objected to Cruse's views. They see the money as part of the solution to street problems in their wards.

"For years, the aldermen couldn't do anything because we were bailing the town out," said 5th Ward Alderman Jake Varadian.

"We've spent \$30,000 for patching the streets just to hold them over," said 6th Ward Alderman Woody Moad. "There's very few streets in my ward that don't need repair."

MOAD SAID SOME streets in his ward that are "oiled and chipped" are cracked, and grass grows out of them.

"The \$30,000 is not enough," said 5th Ward Alderman Lloyd Bailey. "We spent \$40,000 to put in curbs and gutters on Morgan Street."

Both Bailey and Varadian said their ward has not received street repairs like other wards have.

Murder in GC

GRANITE CITY — A warrant was issued Wednesday charging James Albert Seisser with two counts of murder in the shooting death of James "Buddy" Clubb.

Mr. Clubb, 68, of 1728 Cleveland Blvd. died at 12:50 a.m. Wednesday at St. Elizabeth Medical Center after suffering a gunshot wound in the abdomen from a .38 caliber revolver.

Seisser, 48, who is still at large, lived in the same apartment building as Mr. Clubb.

POLICE RESPONDED to a call to go to the Clubb home at 9:32 p.m. Tuesday. He was found by police officers lying on his couch.

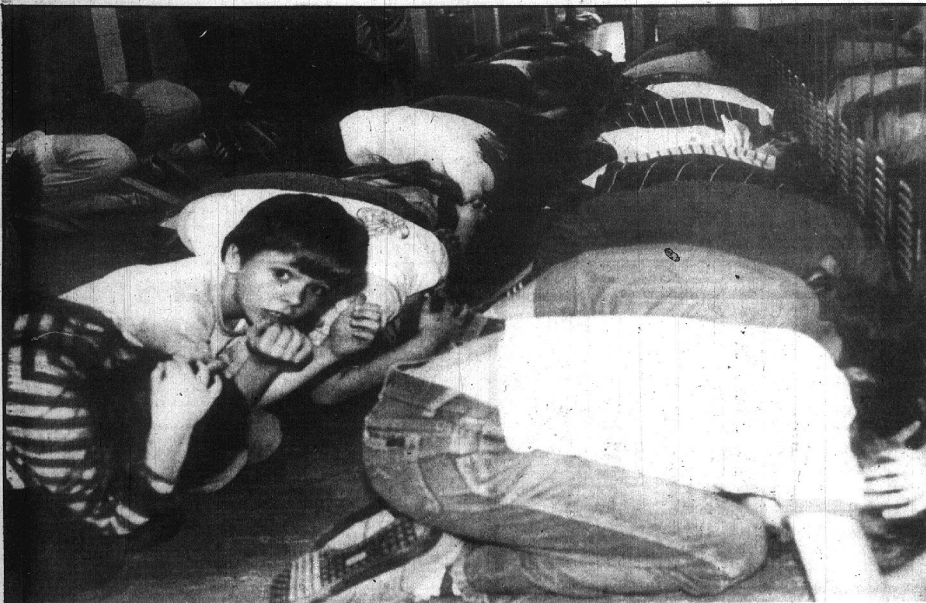

Officers recovered the weapon believed to be used in the shooting.

Police Chief Bill Harris said three bullets had been fired from the gun. Two of the bullets struck the apartment walls and the other struck Clubb in the abdomen.

Mr. Clubb was sentenced in 1981 to six months in jail and two years probation and was fined \$1,500 on five counts of possessing a controlled substance.

UNDERCOVER OFFICERS of the Metropolitan Enforcement Group of Southwestern Illinois and Granite City police detectives searched the residence in August 1981.

At that time they reported finding drugs and stolen items, including three television sets and eight stereos.

Tornado preparedness

UNABLE TO RESIST. Pupils at Marshall Grade School assume protective positions in Tuesday's tornado drill, but one bright-eyed youngster couldn't resist peeking as the camera flashed. The children were escorted to an inner hallway, away from exterior walls and windows, when the alert signal sounded

at 10 a.m. This scene was duplicated in each school as part of Tornado Preparedness Week in Illinois. Schools and hospitals statewide, joined with the Emergency Services and Disaster Agency and Illinois State Police in testing their disaster plans during the annual drill.

Sheriff candidates stump at forum

By JACK C. VENTIMIGLIA
Executive Editor

EDWARDSVILLE — More patrols, better department management and increased deputy visibility were priorities put to the six candidates for sheriff at the Madison County Farm Bureau forum last night.

Granite Citizens Bob Astorian and Marty LeVault, Bob Churchich of Hartford, Jim Terry of Edwardsville and Beverly Smith of Cottage Hills are competing for the Democratic Party's nomination in the March 18 primary. The winner will face the Republican candidate for sheriff, Tom Voloski of Madison, in the November general election.

The following are some of the questions from the crowd, and answers:

Q. What should be done about slow response time in rural areas?

A. Churchich said more deputies should be put in marked cars and they should patrol high-crime areas.

A. Astorian said manpower should

I'm opposed to DUI roadblocks. I quite frankly think it's a Constitutional violation ... We don't live in a police state.

Jim Terry

be reorganized to put deputies where they're needed.

Q. Can a deputy disburse the rowdy groups of 100 or more that gather near such places as Hell's Gates, east of Collinsville?

A. Voloski said he would disburse them.

"I've been whipped, I've been shot at, I've been cut," Voloski said, but none of it makes him afraid to do his job.

A. Terry said he's been to Hell's Gates several times as a deputy and has disbursed the crowd by asking them to leave. If they got tough, he said, he would not go up alone against 100 persons.

A. "If you were secure with your sheriff's department would you

need to ask that question?" Smith asked.

Q. What are your feelings about roadblocks to stop drunk drivers?

A. LeVault said the county does not have manpower for such roadblocks and thinks the courts will reverse the ruling allowing them. He and all the candidates, however, were for arresting anyone on the road who displayed characteristics of a drunk driver.

A. "On the county or city level, I'm against it" (roadblocks), Astorian said.

A. Churchich said a DUI arrest takes a deputy off the road for two hours. He said that if a person seems to be a drunk driver then appropriate action must follow, but

he's not for spending a deputy's time on a roadblock.

A. "I'm opposed to DUI roadblocks. I quite frankly think it's a Constitutional violation," Terry said. "We don't live in a police state."

A. "If the state wants to do it, that's their business," but the county shouldn't conduct roadblocks, Smith said.

A. Voloski said deputies should be on county roads, not handling roadblocks on the interstate.

Q. When seeing a man coming out of your barn, what action can you take?

A. Voloski advocated making a citizen's arrest.

A. "Don't do it," Churchich responded to Voloski. "They're going to get you in the court one way or the other."

A. Astorian also opposed trying to stop a suspect, except to protect oneself from physical harm. He told the story of a man who, after seeing a 16-year-old boy steal gas, shot and killed the boy. The man was prosecuted.

How to handle the department's budget of \$5.4 million to operate the

sheriff's office and county jail also came up.

Criminal records are being kept on 3x5 index cards, Terry said. If someone has a friend in the sheriff's office, it's possible an index card will disappear. He favors using some of the budget to computerize department records to alleviate such possibilities.

"That's a heck of a way to run a department," Terry said of the index cards.

Churchich and Astorian agreed computerization is necessary.

Terry said cutting the amount spent on administration by 58 percent would put some persons doing supervisory work into patrol cars.

Churchich said it should be clear that reducing funds for supervisory personnel would not mean a savings to taxpayers. Rather, it would mean a redistribution of the way the department spends its money.

Every candidate agreed more must be done to decrease response time to calls. Terry said the department should aim for a five-minute response time.

"It all depends on manpower," Astorian said.

National Intergroup Inc. said this week it will sell its half of the National Steel plants, including Granite City Steel, in 1989. Speculation is that the buyer may be the other 50 percent owner, Nippon Kokan of Japan.

"NII wants to focus on less capital-intensive businesses than steel. But regardless of ownership, teamwork within National Steel is helping us become the best firm for steel quality and efficiency," Ben Johannpeter, GC Steel spokesman, said today in voicing confidence in the future.

Merger of Nameoki School District 126 and Granite City School District 113 was discussed at a special meeting in Emerson School Feb. 25. Merger of the two districts was approved by a 13-1 vote. The action could mean a reduction in the \$2.25 school tax rate now paid by Granite City residents and could make better school services available to students from Nameoki.

Bankruptcy move made

By JACK C. VENTIMIGLIA
Executive editor

GRANITE CITY — Business will not be hindered at Charlie's Restaurant and Cocktail Lounge following Monday's filing for reorganization under Chapter 11 of the Federal Bankruptcy Act.

"It's business as usual," owner Charlie Hester said Wednesday. "All of my creditors will be paid."

To help meet obligations, Hester said he plans to sell the Winner's Circle, a liquor store located at 3102 Nameoki Road.

There are no plans to sell the restaurant or to seek a partner, he said.

"We are filing for reorganization, not closing or anything like that," he said.

The restaurant is in debt to 58 creditors, including 12 to whom the company owes more than \$170,000, according to papers filed Monday in U.S. District Court, East St. Louis.

"I've been in some trouble with the Internal Revenue Service," he said. "I just couldn't meet their demands."

Chapter 11 reorganization allows a business to ask the federal court to provide a protection order from creditors' lawsuits until the business finds a way to meet its obligations.

Car exhaust tests here start May 1

Notices will be coming in the mail next month from the Illinois Environmental Protection Agency to many Madison County residents telling them they must get their cars inspected at emission testing stations.

The first notices will be mailed on April 23 and the testing stations will be open starting May 1, said Will Flower of the Illinois Environmental Protection Agency.

The program originally was supposed to have started by Jan. 1 but was delayed by four months.

IN THIS COUNTY, owners of gasoline-powered automobiles and trucks manufactured in 1968 or later who reside in Venice, Madison, Granite City, Pontoon Beach, Mitchell, Alton, East Alton, Wood River, Bethalto, Roxana, South Roxana and Hartford are subject to the testing requirement.

Two testing stations are under construction in Madison County, at 1710 Vaughn Road in Wood River and 1210 W. Chain of Rocks Road in Mitchell.

The stations are about 50 percent completed, said Ed Alderfer, Illinois manager for Systems Control Inc., the California firm which won a state contract to build and operate the testing stations.

Each of the Madison County stations will have two lanes.

NO LONG DELAYS are expected unless everyone waits until the end of the month to take vehicles to the stations, Flower said.

Alderfer said the Madison County stations will serve substantially fewer vehicles than the 11 locations the firm is constructing in the Chicago metro area.

A testing station is also being constructed in East St. Louis.

AN ESTIMATED 122,000 vehicles in Madison and St. Clair counties are required to take the tests each year. More than two million vehicles are affected in the Chicago area.

The IEPA will send out notices on a random, staggered basis each month to licensed vehicle owners in the zip codes included in the state legislation passed two years ago.

The General Assembly adopted the measure after threats by the U.S. Environmental Protection Agency to impose sanctions under the federal Clean Air Act such as cutting off highway funding and stopping new industrial and commercial development.

Those getting notices next month will be told to have their vehicles tested in May, June or July.

AFTER THE FIRST batch of notices is sent out, the IEPA will then try to give at least a month's advance notice for vehicle owners required to have the tests in future months, Flower said.

The notices will include a temporary sticker to go on the front windshield and maps on how to get to each area testing station and station hours.

The stations will be open from Tuesday through Saturday.

IF THE VEHICLE OWNER has moved from an affected zip code area or the car was manufactured before 1968, the owner can send forms to the IEPA for an exemption.

The Wood River testing station, on the south side of Route 111, is at the northern border of Glendale Gardens subdivision, which has been plagued with flooding problems. As part of the construction, the testing facility is designed to trap runoff water into a ditch in front of the property.

The firm building the station also voluntarily offered to channel the runoff water from a doctor's office, next door, said Wood River City Manager Mark Kilch. That will contain the water from the Glendale Gardens flood control project, for which the first phase of construction is to be done this summer, he added.

EIGHTY-FIVE PERCENT of the cars and trucks required to have emissions tests starting in May are expected to pass on the first try, the IEPA estimates.

The agency anticipates that at least 95 percent of vehicles failing the first test will need a simple tuneup, assuming the catalytic converter is operating properly, Flower said.

In most cases, new spark plugs and replacing the air filter will be sufficient, he added.

The testing procedure takes only 2½ minutes.

HYDROCARBONS and carbon monoxide emissions coming from the tailpipe are measured by probes and a computer printout reading is given the vehicle owner.

If the pollutants exceed permissible levels, the vehicle owner will also be given a list of suggested repairs on the printout.

The tests are free but vehicle owners are responsible for paying for any necessary repairs to bring the car or truck into compliance.

IF THE SUGGESTED repairs are made and the vehicle owner can provide proof, such as a receipt, and the vehicle still fails a second test, the owner can get a waiver from further testing from the IEPA inspector at each station, Flower said.

The repairs and second tests are supposed to be done in the same month as the first test. If the owner fails to do so, a second notice will be sent by the IEPA.

Continued failure to comply will result in the IEPA referring the vehicle owner's name to the Illinois Secretary of State's office, which will send out a notice.

IF THERE IS NO compliance after further notices, the secretary of state will suspend the owner's driving license, and then the vehicle registration.

In addition, vehicle owners failing to have required emissions testing stickers on their windshields can be fined up to \$300 if stopped and ticketed by police.

Older workers to be recognized

Jerome P. Wade of the Granite City office of the Illinois Department of Employment Security, 35 American Village, reports that local firms on March 9-15 will observe "Employ the Older Worker Week."

The week has been set aside to honor and recognize the contributions mature workers provide to

public and private employers. They offer experience, loyalty, skills, knowledge and mature judgment, Wade said.

Gov. James R. Thompson is urging Illinoisans to "share in saluting an invaluable economic resource: mature workers. Ability is ageless. Let's make the most of it."

Bridge use on increase

By VALERIE EVENDEN
Staff writer

VENICE — An increase in traffic flow across the McKinley Bridge in Venice continued to be recorded last month, Bridge Manager Tom Fields reported to the City Council at Tuesday night's meeting.

The daily figure increased 1,669 vehicles, compared to February 1985, on the city-owned span across the Mississippi River.

DAILY TRAFFIC tallies showed 15,471 trucks and cars crossing the bridge each day last month. The total number of vehicles using the bridge during February was 483,204.

The city received a check for \$3,334 from the office of Circuit Court Clerk Willard Portell, for fines collected in Venice cases, Police Chief Farris Smith reported.

Among the 224 arrested in January were 181 men and 40 women. The figures included six juveniles.

MOST ARRESTS involved city traffic violations, which totaled 181 charges, Smith said.

There also were 32 state traffic citations. Twelve city ordinance and nine state ordinance violations were reported.

One felony arrest was made and four warrants were served. Two persons were held for investigation and then were released.

FIVE JUVENILES arrested for violating state ordinances were referred to the Juvenile Court, the police chief said.

A mixture of rock salt and slag is being used by the Madison Street Department to spread on icy road surfaces, Mayor Tyrone Echoles reported to the aldermen.

"We may have to go back to using a little slag (in Venice) at the stop signs. It seems to work better than salt alone," the mayor said.

EFFECTIVENESS of de-icing material used by the Venice Street Department had been discussed at the Feb. 18 meeting.

Concern about proper inspection of a dwelling on Weaver Street, where someone is now living, was expressed by 4th Ward Alderman Victor Valentine Sr.

"It's unbelievable in there," the alderman said, speaking of a two-family house.

"I don't know who inspected it because wires are coming down from the ceiling and are then hooked onto the light."

"THE STOVE doesn't operate. I think the house is a fire hazard. I believe the water is hooked up to next door and that house is the same (condition)."

looks like he loves getting dirty, too. Bart is angry that he can't be at home. His foster parents are helping him learn better ways to express his anger, like drawing pictures and talking about the situation.

Angie has had the most difficulty getting used to being in a foster home, probably because she is not with Carol and Bart. She has been sad and is just now beginning to open up to her foster family. Her foster mother says Angie seems to enjoy being with her children. Her favorite things are her Cabbage Patch doll, Sesame Street, and cheeseburgers.

Carol, Bart and Angie need a foster family that can respect the bond between them and yet see each of them as individuals. All three have strong feelings about their parents and need help expressing them.

The right kind of foster family could help the "Three Musketeers" enjoy and learn from their time in foster care, Rettle said.

The department provides a monthly board payment to help foster parents meet the expenses of caring for foster children. Medical, dental and other expenses are also paid by the state.

VFW Post 1300 opens its annual poppy sale

The annual "Poppy Day" sale officially opened this week with Granite City Mayor Von Dee Cruse buying the first poppy from Amanda Champion, 5-year-old daughter of Terry Champion of Madison, a disabled veteran of the Vietnam war.

Final plans for the project, sponsored by the Veterans of Foreign Wars, were the main topic of discussion of the Ladies Auxiliary at a meeting at Pvt. Henry Ostendorf Post 1300.

Chairman Verneta Dowdy announced there will be a contest for the best-designed poppy hat. The winner is being announced at a 12th District meeting at the local post March 8 and 9, with the department president and department com-

mander as guests.

Mrs. Dowdy said a \$50 bond was presented to Charles Gilbert by the post and auxiliary for his entry in the Voice of Democracy program.

Shirley Brewer, ways and means chairman, noted there is a fish fry every Friday at the post from 11 a.m. to 8 p.m. and it is open to the public.

Donations were approved for National VFW Home activities and the Stress Unit, Jefferson Barracks Cemetery, Meals on Wheels and Salvation Army.

Plans were formulated for a trip to the Alton Mental Health Center.

A luncheon was served by Mary K. Culkin, president, to auxiliary and post members. She announced the next meeting would be March 11.

Foster care could reunite family of 3

The "Three Musketeers" is a nickname for this brother-sister trio. Carol, 14, Bart, 8, and Angie, 3. They were placed in foster care when their parents had no place to stay and nothing to feed the children.

Because of a shortage of foster families, they were placed in two different foster homes. Since there is a strong, loving bond between the children, their caseworker is searching for a foster family with enough love, space and energy to care for all three. Jeanette Rettle, a resource development specialist with the Illinois Department of Children and Family Services, can be contacted at 676-5885.

Carpi is a friendly, talkative teen. She had few friends before entering foster care because she spent much time caring for her brother and sister. Since their mother was ill, Carol had to be both mother and sister to Bart and Angie.

In her foster home, she has had to be reminded that she is not responsible for all of the household activities. Carol is enjoying school, but she is more than a year behind because she missed so much school helping out at home.

Bart is all boy. He loves riding his bike, wrestling and baseball. At the end of a day playing outside, he

Coil is an invitation to disaster

Most coils bounce right back up when they fall. But that's not the way it works in Granite City. When falling from flatbed trucks, steel coils can dent streets, or flatten cars. The coils amount to tons of wound sheet metal: dead weight.

Every couple of months a coil falls from a flatbed truck in this area. So far, no one has been injured. But an accident Monday night on a Poplar Street bridge ramp makes one wonder how long our luck will hold.

In the accident, a Honda auto was smashed in an accident involving a steel coil. What part the coil played could not be determined since St. Louis Police were uncooperative (for \$4 for the first page and \$1 for the

second, if you come in person, we'll give you public information, we were told).

There was a detached set of tires from the truck lying to the left of the ramp. To the right, it looked as though the truck went through a fence to strike the Honda.

The worst to happen so far in Granite City seems to have been a coil that caused a flatbed's bed to break. But knowing those coils have come sliding off the trucks makes one nervous when driving along the side of a flatbed that carries a coil of steel.

Until and unless a more secure system for transporting steel coils is developed, an invitation to a tragic accident will be riding our streets.

Courageous civil disobedience

Throughout the St. Louis and Metro East area we learned via print and broadcast media about a group of defiant East St. Louis School District employees.

Good for the employees. They defied their school board's order against going to a banquet honoring the Flyers, a high school football team ranked first in the nation, a team that demolished our own Warriors, but whose ability all must admire.

The school board there said employees should not go to the honors banquet because it was being held in Missouri. Though it is true there are good places in the Metro East area for banquets, there's no sense in looking the proverbial gift horse in the mouth.

There was also opposition to having the program sponsored by the Adolph Coors Brewing Company, whose attendance might somehow promote alcoholism to

students. Maybe that means students shouldn't accept the generous offer of tickets to the ball park from Anheuser-Busch.

Arguments against attending were laughable and employees went to the banquet.

Attending was courageous. The coaches risked the ire of the school board, which could affect their job positions, raises and perquisites they might have enjoyed had they not attended the banquet.

Teachers and coaches who attended provided a fine lesson for students: Stand up for what's right.

They deserve and have our respect.

School Board President Clyde Jordan likes to refer to ideas he doesn't like as being "simply ludicrous." Concerning a characterization of the board's stand against the banquet, "simply ludicrous" is simply perfect.

This county key part of region

Madison County is a significant segment of the St. Louis metropolitan area, latest statistics compiled by the Regional Commerce and Growth Association reaffirm.

Although St. Clair County sometimes gets more attention, this county tops it in yearly retail sales, \$1,286,913,000 to \$1,241,439,000, and also surpasses St. Clair in the effective buying income of median households, \$24,210 to \$24,024.

Even more interesting is the comparison with the City of St. Louis. Retail sales west of the Mississippi are bigger but not twice as large — the St. Louis total is \$2,465,210,000 — and the big city's median household income is only \$18,940.

The second wealthiest county in the bi-state area is St. Charles County, Mo., \$33,889 income per family, but its annual retail volume is considerably lower than Madison County, amounting to \$781,958,000.

Sprawling, well-to-do St. Louis County dominates regional statistics with \$7,356,396,000 sales and \$35,436 household income.

Adding together all of these plus Clinton, Jersey and Monroe counties in Illinois and Franklin and Jefferson

counties in Missouri, the grand total of retail sales is \$14,301,141,000 and median income is \$28,404.

Overall population in this region has reached 2,401,800, up 1 percent since the 1980 census, with 866,400 households and 1,199,100 workers, including 1,118,200 employed.

A major advantage for Madison County and other portions of the bi-state area is that living costs are only 97 percent of the national average. This region is now rated as the most affordable area in the nation in several categories, including reasonably priced, plentiful commercial office space.

A study by Lomas & Nettleton shows residents spend only 20.7 percent of their income to make conventional mortgage payments, compared to 43.7 percent in San Diego. A study by the U.S. League of Savings Institutions lists the median cost of a home as \$67,000 with a down payment of \$13,427, compared to a U.S. median home price of \$95,000 and a \$20,000 down payment. And the same USLSI analysis describes this region's real estate taxes as half the national average.

Churchich would halt criminals' highway use

To the Editor:

I am a candidate for nomination as sheriff of Madison County in the March 18 Democratic primary election.

I am the Hartford chief of police, and my law enforcement experience also includes past service as a shift commander of the Alton Police Department. I have been endorsed by Sheriff Emil Tofant.

I am pledging that, if I am elected, the sheriff department will institute a vigorous campaign to stop the use of Interstate highways by transient

criminals.

Use of the Interstate highway system by the criminal element is becoming a danger to the people of Madison County.

I will work with the Illinois State Police to vigorously monitor all suspicious vehicles coming into our communities through the Interstate system. There is no appropriate place in Madison County for transient criminals.

The future of our economy and the safety of our shopping centers and residential areas demand constant

vigilance by our law enforcement officers.

The sheriff's office is especially able to assist the State Police in this because of the use of arterial county roads and township roads by the criminal elements to get to and from the scenes of crimes near the Interstate highway system.

The Madison County Sheriff's Department should cover the avenues of escape and should discourage transient criminals from coming into our area.

A season for giving?

The cartoon above reminded our editors of the similarities between tax time and Christmas. Once again Americans are being asked to open their hearts to the joy of giving. We asked our readers who they hate more, people who do their taxes early or Christmas shopping early.

Dorothy Kelly, Granite City

"I usually do my Christmas shopping early. I've started on next year already. I'm never early on my tax return. I always wait until the last minute."

Katie Miller, Granite City

"I always do my taxes early, so I guess I can't hate them. I'm a last-minute Christmas shopper, though."

Verna Andrews, Granite City

"I think they're both smart. Especially the ones who can afford to buy gifts early."

Candidate knows finance, law enforcement

To the Editor:

The people of Madison County have an opportunity to elect a qualified, dedicated man as sheriff of our county. Democrat James Terry is a lifelong resident of Madison County and lives in Edwardsville with his wife and three children.

He has been a deputy sheriff for 14 years and is the only candidate with a working knowledge of the department. As a deputy, he has gained

law enforcement experience which includes eight years in the detective divisions and six years on the St. Louis Area Major Case Squad.

Terry also serves as an alderman in Edwardsville, where he is chairman of the Finance Committee. In this leadership role, he oversees more public tax dollars than twice the total amount of the existing sheriff department budget.

For these reasons, I am urging

people to vote for James A. Terry. He offers us an opportunity to elect a Democrat who has a proven track record in law enforcement and in the efficient management of our tax dollars. If nominated March 18 and elected in November, he will work hard to prevent crime in our neighborhoods.

JOHN G. MUDGE JR.

Precinct Committeeman

Terry would revise patrols, phone system

To the Editor:

Better law enforcement is the key issue in the sheriff's race in the March 18 Democratic primary. The decision can change how the sheriff's department will be run during the next four years.

Recently I proposed reorganizing the department to put more deputies on the streets of our communities. The changes reduce several administrative positions and increase manpower in the patrol division. In short, deputies

will be moved from behind their desks to patrol cars, where they belong.

The second change will also affect many. It will increase the ability to quickly respond to reported residential burglaries and violent crimes.

Installing a department 800 telephone system will help people contact the department more rapidly when a crime is in process. The 800-SHERIFF number will be free and give direct access to the

department. Currently, many people living outside of the Edwardsville area pay long-distance rates when they need help from the department.

As a Madison County deputy sheriff for 14 years, I know what changes are necessary to improve effectiveness against crime.

The voting March 18 can help put me to work making Madison County a safer place to live.

JAMES A. TERRY

Law to encourage fuel-from-corn thwarted

To the Editor:

Despite the best efforts of various farm groups, imports of fuel alcohol from South America are still a major problem for the U.S. ethanol industry and American farmers.

The ethanol story goes back to 1978, when Congress decided to help the nation build a renewable energy source by giving a major tax break to the domestic fuel alcohol industry.

The idea was to create a brand new business in this country and expand uses for farm products — mostly corn, in this case.

To make sure only American farmers and workers were helped, a tariff was set up for fuel alcohol produced abroad and imported into this

country. This tariff was negotiated with our international trading partners and "paid for" by trade concessions agreed to by the U.S.

But by 1984, other nations, mostly in South America, had found ways to take advantage of these tax breaks created to boost our industries. They exploited loopholes in the tariff laws and sent ethanol pouring into this country.

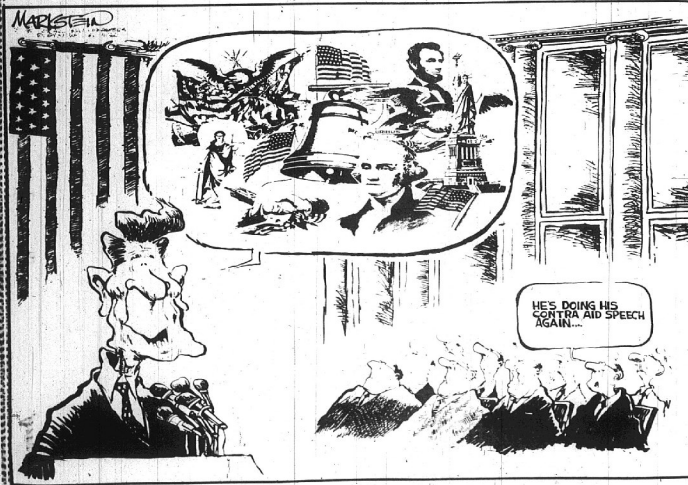

The first loophole for ethanol from abroad was a scheme to mix another petrochemical with the fuel alcohol. Congress closed that loophole, but not before customs officials had let a vast quantity of the stuff into the U.S.

Unfortunately, many more loopholes exist. For example, plans

are now under way to take advantage of the Reagan administration's Caribbean Basin Initiative by building factories on small islands which would do nothing but remove water from fuel ethanol produced elsewhere.

This dehydration process would allow the ethanol to make an "end run" around the tariff law. Congress will soon consider legislation supported by several Illinois congressmen to once and for all plug the holes in the laws which allow foreign ethanol to enjoy tax breaks intended to boost American industry and American agriculture. It fully deserves support and passage.

Several running in treasurerer race

Quinn

Patrick Quinn is best known by the public as being a consumer activist and founder of the Citizens Utility Board (CUB) and Coalition for Political Integrity.

A Democrat, Quinn would bring a consumer-oriented bent to the job of state treasurer.

He promises to end "anti-consumer" practices by Illinois banks and improve the rate of return on state investments.

Quinn thinks the treasurer's job can be used to promote a wide range of economic activities such as expanding the "link deposit" program linking state funds to financial institutions which demonstrate commitment to energy conservation, housing, agricultural production and small businesses.

He would also direct more of the state's pension funds to venture capital and home mortgages.

Quinn has promised to fight what he calls excessive service charges by banks, limit checkholding periods and reduce excessive credit card interest rates.

Quinn believes Illinoisans could get a better return on their tax dollars by not allowing any state funds to sit in interest-free accounts, and by requiring that competitive bidding be performed for all services rendered to the state by financial institutions.

Quinn would "vigorously" enforce the Illinois Freedom of Information Act in order to have closer public scrutiny of the state's financial dealings, which he says are "shrouded in far too much secrecy."

Quinn refuses to accept campaign contributions from banks.

He was elected in 1984 as Commissioner to the Cook County Board of Tax Appeals.

He also opposes the practice of "double dipping" and has actively campaigned to make such practices illegal. Double dipping refers to persons who hold more than one public office and thereby receive more than one public check.

Quinn resides in Chicago with his wife Julie, and his two sons, David and Patrick.

ing financially ailing farmers and small businesses.

Donnewald claims as his best success the winning of federal protection for state securities purchased with public funds.

It is Donnewald's "personal opinion" that state office-holders should be entitled to only one salary at state position and not be involved with "double dipping" practices.

He thinks those holding statewide office "should disclose their private business interests because of the possible perception of conflict of interest."

Donnewald perceives the treasurer's office as having a more limited role in producing revenue for the state than do his two main Democratic opponents.

He believes investing state funds in accounts with higher interest yields is risky and the main responsibility of the state treasurer is "the protection of public funds."

Donnewald views the use of those funds as a revenue source as "a side benefit."

Like opponents, Donnewald sees the need to expand the treasurer's Agricultural Loan Deposit Program but tempers the expansion to maintaining a "secure cash flow position."

Donnewald said the Illinois Freedom of Information Act provides "complete freedom in access to records," and pledges that "any information that is available in this office" would be available to the press.

Past public offices held by Donnewald include a stint as state representative from 1960-64, state senator from 1964 to 1978. He was Assistant Democratic Leader from 1970 to 1982. He lists his occupation as State Treasurer & attorney.

Donnewald resides in Breese. He is married and has a daughter and two sons.

Constantino

Former state treasurer Jerome Constantino is running on his record. Having served as state treasurer from 1979 to 1982, he views the post as needing constant updating to guarantee Illinois tax money gets the best returns.

A Democrat, Constantino said establishing the use of overnight depositories and wire transfers of state money within 48 hours of collection is how to make better use of tax dollars.

Constantino supports using state capital for farm loan and development programs and housing programs. He thinks the Agricultural Loan Deposit Program should be expanded and has pledged that saving family farms through such programs will be his top priority if elected.

Constantino claims to be the first state treasurer to target state funds with low interest loans to help farmers buy seed, feed and fuel during planting and harvesting times.

Constantino opposes the practice of "double dipping" by public officials and has said he will not hire salaried public officials while in office. He said he will support a law making such practices illegal.

Mandatory disclosure by all elected public officials of their private business interests is also supported by Constantino.

As chairman of the Board for Fast

Motor Service, a trucking business regulated by the state, Constantino said he has "always complied with the letter of the law," with his financial disclosures.

Constantino has said the press and the public "must have ready access" to public information. He proposes starting a toll free "consumers hotline" in the treasurer's office for citizen complaints and information.

Constantino resides in Palos Heights with his wife Charlotte and his four children.

Besides being treasurer, Constantino was the Commissioner of the Metropolitan Sanitary District from 1975 to 1979.

Houston

As the Mayor of Springfield, Republican John Michael Houston will take a political step up and become state treasurer.

A Democrat, Houston agrees with party rivals on a number of issues. Houston thinks that elected state office-holders should not be allowed to hold more than one salaried position with the state.

He also agrees that disclosure of private business interests by elected officials should be mandatory.

He proposes to bring a greater (See RACE, Page 8A)

Luke 22:42 "... nevertheless not my will, but thine be done."

The fact that prayer can be very hard work is proven by Jesus in Gethsemane. He prayed until his sweat fell as it were, great drops of blood. If Jesus prayed so earnestly to God, then we must expect to do the same.

Notice the cause of such agonizing prayer: not my will, but God's will. Surrender of our will to God is not a battle once fought and forever won. Often times, we must daily pray to submit our will.

However, the results are worth the sacrifice. Jesus said: "For whosoever shall do the will of God, the same is my brother, and my sister, and my mother." This puts us right into the family of God. What a secure place to be.

Submit your will and join the family of God.

BURGLAR DAMAGES AUTO

The passenger windows of a car owned by John Collins, 128 Carver St., were broken while it was parked on Race Street in Madison March 3. Taken from the auto were an AM-FM radio and battery.

FOUR CHARGED WITH THEFT

After four men were seen changing an auto tire in a Second Street alley in Madison at 3:15 a.m. March 2, police arrested Mark Hozian, 17, of 2100 Elm Ave., William Moore, 20, of 2013 Elm, Joseph Thomas, 17, of 1740 Market St., and Vernon Russell, 20, of 2825 Willow Ave. and charged them with theft of a tire.

GC MAN SERVED WARRANT

Donald F. Moseley, 24, of 2811 Palmer Ave. was served a Perry County warrant March 4 by Granite City police alleging a violation of a conditional court release for driving under the influence of alcohol.

ITEMS MISSING FROM TRUCK

Jerome J. Roper Jr., of 2941 Pershing Blvd., reported March 5 that numerous items were taken from the rear compartment of his truck while it was parked in his yard.

TOOLS TAKEN FROM GARAGE

Greg Connor of 1701 Edison Ave. said March 4 a table, an extension cord and a tool chest containing assorted tools were taken from his garage. Total value of the missing items is \$5,000.

HOME LOOTED BY BURGLAR

A chest-type freezer, a refrigerator and two four-wheeled vehicles were taken March 3 in a burglary at the home of Agnes Sanders of 1088a Wanda St. Total value was \$2,620.

2 RINGS TAKEN FROM HOME

Sandra Sue McDonald of 13 Park Towne West reported to police March 3 that two rings were stolen from a jewelry box at her home.

CHARGED WITH POSSESSION

Lloyd Holt, 37, of 1931 Harris St., Madison, was charged March 2 with illegal transportation of beer and possession of cannabis. He was a passenger in an auto police halted in the 1900 block of Harris, Madison.

PROPERTY DAMAGE CHARGED

James D. Cottrell, 21, of 2077 14th St., was charged March 4 with criminal damage to property after he allegedly kicked open a door at an apartment owned by Dwayne Roberts at 2120 Bryan Ave.

MAN ARRESTED AFTER CAR STRIKES POST AND FENCE

The car of Robert Allen, 2101 Dewey Ave., struck an Illinois Power Co. post at Edwardsville Road near McCambridge Avenue, Madison, shearing it off at the base at 11:18 p.m. March 2 and causing damage estimated at \$1,200.

There also was \$700 damage to a fence 150 feet south of Edwardsville Road, authorities contended. Allen, slightly injured, was charged with leaving the scene of an accident, property damage, illegal transportation of alcohol and driving while his license was suspended.

VCR, OTHER ITEMS TAKEN

A video cassette recorder valued at \$429, a cable television control box and a child's game were stolen March 3 from the home of Cathy Martin, 2569 Madison Ave.

JEEP OVERTURNS; DRIVER BOOKED ON DUI, SPEEDING

Paul A. Hill, 35, of 1011 Third St., Venice, was arrested at 2:45 a.m. March 1 after a speeding jeep vehicle led Madison and Venice police on a chase from the 400 block of Madison Avenue, Madison, to Second Street and Broadway, Venice. During a turn, the jeep struck a curb and overturned. Hill, apparently uninjured, was charged with driving while under the influence of alcohol, speeding, reckless driving and illegal transportation of alcohol. He posted \$302 bail.

DUI CHARGE IN MADISON

Augustus Johnson, 43, East St. Louis, was arrested March 4 after his car allegedly crossed the center line and swerved from side to side in the 1100 block of Madison Avenue, Madison. He was charged with driving while under the influence of alcohol.

Meeting planned to reinstate GC 'watch' program

GRANITE CITY — Plans are being made by city alderman and police to reinstate the city's "Neighborhood Watch" program.

A meeting is scheduled for Tuesday, March 11, at 7 p.m. at Granite City Township Building to hear a presentation on the program. The meeting is open to the public. Granite City Police Officers Mike Murgie and Kurt Walkenbach will present a film and discuss the program.

Larry Tabor, regional director of Citizens Against Crime, will be the guest speaker.

The city started a neighborhood watch program several years ago but it died out, said Police Chief Bill Harris. The idea to reinstate the program came from 6th Ward Alderwoman Judy Whitaker and it has the backing of the City Council and Harris.

CANNABIS CHARGES FILED

William A. Conary, 17, of 2231 E. 23rd St. and a 16-year-old youth who were in a parked auto at the rear of Granite City High School were charged Feb. 28 with possession of cannabis.

4 RADIAL TIRES MISSING

A thief entered the garage of Kevin Rodgers, 205 Hampden Ave., Venice, March 1 and took four radial tires valued at a total of \$380.

return on tax dollars.

"By doing a better job of cash management, less money would be invested in repurchase agreements and one-year time deposits, allowing for higher interest rates to be earned on longer-term investments," he said.

He also thinks the treasurer's Agricultural Loan deposit program should be expanded.

Concerning access to government records by the press, Houston said, "The press should have access to public information that is of legitimate public concern, and as state treasurer, I would insure they received it."

Houston is president and owner of Hurricane Fence Co. in Springfield. He resides in Springfield, is married and has two children.

Hart

One Democratic candidate for state treasurer, Robert Hart, Chicago, takes a radically different approach to the campaign by injecting national and international issues into the race.

Hart is a protégé of a familiar U.S. presidential candidate from Illinois, Lyndon LaRouche Jr., whom he calls "the world's foremost economist."

He gave as a reason for seeking

the office "to take personal responsibility for the fate of this nation and western civilization." He offers himself as a candidate for state of LaRouche followers with similar views.

Hart believes the state's, the country's and the world's economic woes are interrelated and caused by a shrinking tax base, world-wide debt caused by the International Monetary Fund and international banking policies, and the flow of billions of dollars in illegal drug money to banks.

Hart proposes a massive economic "mobilization" including reorganizing public and private debts, introducing gold reserve notes as a basis of credit to banks, confiscating all illegal drug money in banks as well as jailing bank officers and repealing the U.S. Gramm-Rudman-Hollings Act.

Hart takes a hard line toward the press, charging it with creating "blatant distortions, half-truths, fallacy of composition and lies."

He thinks the press has "had more than sufficient access to information."

Hart lists his occupation as an "independent consultant," and has not held public office.

James 'Buddy' Clubb

James B. Clubb Sr., 68, of 1728 Cleveland Blvd. died at 12:50 a.m. Wednesday, March 5, 1986, at St. Elizabeth Medical Center. He had suffered a gunshot wound several hours earlier at his home.

Jesse stole show at Lantz Gym

CHARLESTON — There wasn't a nail to be found on the hands of the Teutopolis fans Tuesday night.

Venice took the Wooden Shoes to the limit but fell 75-73 in the Super-Sectional at Eastern Illinois University's Lantz Gymnasium.

On a high school level, it was a great game. But to listen in the Shoes locker room afterwards you might not know that Teutopolis had just won its 30th game of the season and a trip to the Elite Eight.

Jesse Hall

The talk was all about Jesse Hall. "He's a major college guard," said Scott Thomas, an assistant coach. "He's the best we have seen," added Larry Johnson, another assistant. "He was something."

Hall dazzled the fans at EIU, pouring in a game-high 35 points. He was the focus of every T-Town player. But no one could slow him down. Hall, a junior, hit on 13 of 18 shots from the field and was 9 of 14 at the foul line. He had nine rebounds and three steals.

The summary sheet handed to the press at court side after the game told the story of Hall's night. Some examples:

- "Hall is better."
- "Hall in the paint."
- "Hall coast to coast."
- "Hall slams it home."
- "Ah, yes. The dunk. It's the best way to excite a crowd and bury an opponent."

Hall's only slam of the game came with two minutes left in the first half and gave the Red Devils a 38-36 lead. "That was unbelievable," said Johnson. "Not too many can do that."

Unfortunately, the group of photographers capturing the game on film were all stationed at the other end of the court when Hall connected.

For most of them it was the first time they had seen Hall play. They were shaking their heads.

Hall owned the paint at Lantz Gym Tuesday. When he got the ball inside, he usually hit the shot or was fouled.

The T-Town fans, many of whom never sat down during the entire game, even tried to get the best of Hall at the foul line.

They hooted, yelled and counted out loud as Hall bounced the ball eight times before releasing his free throw.

Most often it was Hall who silenced the crowd when the ball dropped through the bottom of the net.

The game featured two all-stars. T-Town's Bob Zerrusen and Hall. Zerrusen, a 6-6 forward, was named to the first team. Hall, for some reason, was only honorable mention.

It's hard to imagine there are six other Class A players in Illinois better than No. 23.

Hall will be back for another year and Venice will again be strong. The Red Devils lost only two starters to graduation, Ed Ware and Judious Kizart.

Venice has been a giant-killer all year and came within a turnover or two from knocking off No. 1.

"Now I know how they beat Vashon," said Johnson.

Teutopolis now moves into the quarterfinals to play Westmont (28-3) at 1:45 p.m. Friday and will try to become the 14th undefeated state champion.

"If they play like they did against us, they will win state," said Venice Coach Clinton Harris.

Class AA Sectionals

Warriors put West to rest, 76-63

By GREGG OCHOA

Executive Sports Editor

EAST ST. LOUIS — The players on the Granite City basketball team awoke Wednesday morning and were greeted by signs in front of their houses wishing them good luck.

The placards — placed by team statisticians Linda Briner, Tammy Gray, Michele Zukas and Jill Machino — reinforced good things as the Warriors put to rest Belleville West Wednesday night 76-63 in the Class AA sectionals at East St. Louis.

Granite City, now 25-3 and ranked No. 10 in the state, has a date in the sectional finals against East St. Louis Lincoln. The Tigers are 19-6.

Tickets for Friday's finals (tipoff at 7:30 p.m.) will go on sale at the foyer of Memorial Gymnasium beginning today from 5 to 7 p.m.

The game will be broadcast live on WIBW Radio (1260 AM). Air time is 7:20 p.m.

Friday's game will be the first meeting of the year between Granite City and Lincoln. The teams have common opponents, East Side and Alton.

"We are probably going to do the same things that got us here," said Warriors Coach Don Deterding of playing Lincoln.

"Lincoln's an awesome team and very physical. We'll see what hap-

pens."

The Tigers are led by Robbie Carter (13.71 PPG). The Lincoln players are bangers. They like to dominate underneath. Carter averaged 12.6 rebounds a game.

"We don't know anything about them, but then they don't know anything about us either," said senior Joe Gray.

If the Tigers were watching Wednesday, they know you can't defend just one Granite City player; that just won't get the job done.

The Warriors placed four players in double figures. Jamie Hogan popped in 23 points and Tom Taylor added 20. Tim Hogan added 12 and Gray 11.

West, which ends its season at (13-13), ran out of miracles. An upset winner over Mascoutah in the regionals, the Maroons weren't figured to get this far.

One of the main reasons they did is 6-7 senior Sean French. He scored a game-high 36 points, or roughly 57 percent of the Maroons points.

If his teammates didn't get French the ball underneath, West usually didn't score. French scored 11 points in the first quarter and had 18 by halftime. He added 11 in the third period and 7 in the fourth quarter.

However, only one other Maroon player, Mike Kane, managed to

score in double figures. He finished with 10 points.

While French was the Maroons' only gun, the Warriors were firing off several rounds.

Granite City surged to an 11-point lead in the third quarter and really broke open the game at that point.

The run was keyed by Jamie Hogan, who canned his first three shots in the quarter. Hogan scored seven of the Warriors' 15 points in the third quarter as Granite City took a 52-45 lead heading into the final eight minutes of play.

"What an offensive showing," said Deterding of Jamie Hogan. "He was dynamic in that third quarter."

Hogan, who added five assists and six steals, scored on a variety of shots: the fast break, the short jumper from the baseline and a power drive through the lane.

"I got my confidence back," said Hogan, who scored 18 points in the regional championship win against Collinsville. "It felt really good out

there."

Hogan didn't talk much about his performance against West. His attention was focused on Lincoln and Friday night.

"Do you think Lincoln will play us man-to-man or use a zone?" he asked.

West utilized a man-to-man defense and the Warriors were able to solve it. The pinpoint passing of Gray (8 assists), Tim Hogan (6 assists) and Jamie Hogan (5 assists) exploited the Maroons time and time again.

Deterding was concerned going into the game knowing he would be without starting center Chris Velzer, who was sick and running a slight temperature.

"I was worried," Deterding said. "The other kids don't have the experience Chris does."

Senior Kurt Luehmann got the starting assignment and filled in well. He scored six points before fouling out with 5:20 left in the game. By that time, Granite City was ahead 62-49.

"If he could get by the early stages of the game and some of the nerves, which he did, I figured we would be all right," Deterding said.

Luehmann picked up his third foul with 51 seconds left in the first quarter but then settled into the

game.

As it turned out, Velzer did see some action. He replaced Taylor with 1:37 left in the third quarter.

"I didn't really want to use Chris at all," Deterding said. "I wanted to rest him so he was at full strength if we were going to play on Friday. But we got into foul trouble."

West, too, was short-handed. The Maroons were playing without Dan Boettcher, who was ineligible because of grades. Boettcher had scored a combined 38 points against Granite City in the two regular season games.

Without Boettcher, the Maroons were at a disadvantage. His replacement, Pat Hasenstab, scored just two points.

Except for French, Belleville West's offense was mostly stuck in neutral. And only three of the starters had dented the scoresheet by halftime.

In the first quarter, West led 8-5 early in the game off a fast break basket by Kane. However, a steal and layup by Jamie Hogan and a bucket by Taylor gave the Warriors an 11-8 edge.

However, French got loose for five more points late in the quarter and

Devils fall short, 75-73

CHARLESTON — It could have been. Maybe it should have been. But it wasn't.

The Venice Red Devils fought gallantly here Tuesday night but couldn't hold off the Teutopolis Wooden Shoes. The Shoes overcame a magnificent performance by Jesse Hall to score a 75-73 comeback win in the Class A Super-Sectional and advance to Champaign and the state finals this weekend.

Hall scored 35 points, including perhaps his best and most breathtaking slam dunk at the year, but the Devils turned the ball over to the Teutopolis press too many times in the final moments as the Shoes, now 30-0 and the No. 1 Class A team in Illinois, overcame a 68-60 deficit in the final three minutes to survive. The Devils, falling in a bid to win their 15th straight and advance to the state finals for the first time since they won it all in 1975, finished at 25-6.

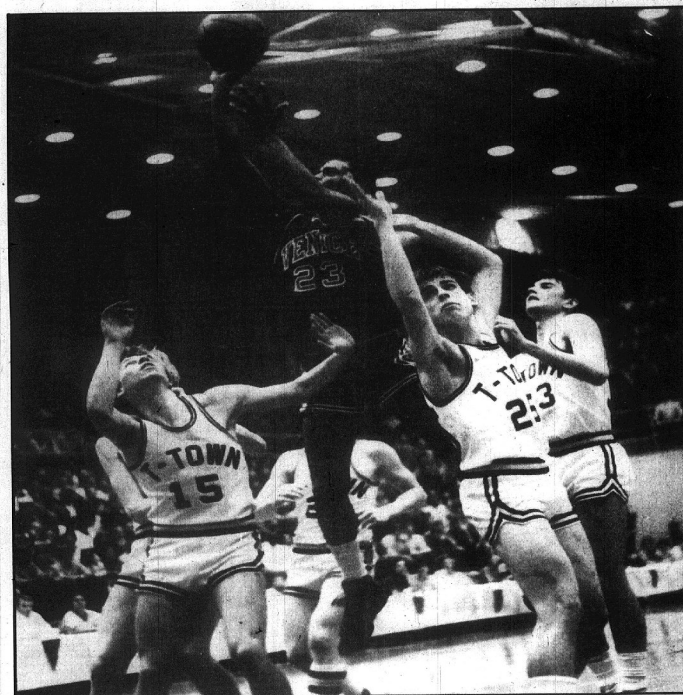

The Venice dressing room was deathly silent moments after the game as Coach Clinton Harris emerged. A mountain of a man, Harris removed his sweater and untied his shirt. He was sweating so much it appeared he had played the game himself.

"They're a good ball club," he said of the Wooden Shoes. "They fought back. There were a couple of calls I disagreed with, but you have to play the game no matter how it goes."

Each team was whistled for 16 fouls, but the calls against the Devils seemed to come at the worst times. Again, free throw shooting was a factor. In the games Venice had lost this year, missed free throws had been a factor. And three times in the final two minutes Hall could make only one of two free throws. Each team had 30 field goals in the game, but Teutopolis made 15 of 26 free throws. Venice made only 13 of 21 (62 percent).

After Hall made one of two free throws to tie the game at 72-72 with two minutes left, Teutopolis took the lead for the final time to two Todd Kroeger free throws with 26 seconds left. Hall was immediately fouled by Kroeger but made only one of two with 24 seconds left. With seven seconds left, Ed Ware (18 points) fouled Bob Zerrusen, the Shoes' 6-6 senior center who was a first team Class A all-star.

But Zerrusen could make only one of two free throws to make it 75-

73, giving Hall and the Devils one last gasp. Hall rebounded the miss and dribbled through pressure. But he never really had control and eventually found himself near the sidelines almost 40 feet from the

basket. He heaved a shot with one second left, and visions of Reggie Gardner's miracle basket in the 1975 Super-Sectional against Carmi flashed in the minds of Venice fans.

But the shot hit the top of the

backboard and wouldn't have counted anyhow. Hall had stepped out of bounds as he released the shot. Kroeger inbounded the ball by

GC girls bow out to Triad, 67-35

By PAULA WISE

EDWARDSVILLE — Putting an end to a very long and frustrating season, the Granite City Warrior girls' basketball team lost 67-35 to Triad in their first round of regional competition Tuesday night.

Led by senior center Ronda Owens, the Knights took a 6-0 lead before the Warriors were able to get on the board. Alicia Melton scored first for Granite City, but those two points were quickly answered with six by the Triad squad.

The Knights continued to overpower the Warriors in all aspects of the game and by the end of the first quarter, had taken an 18-4 lead.

"We made some weird mistakes tonight," said Granite City coach John Hutchings. "We would go five steps toward the basket and throw it back twenty."

"Triad, on the other hand, had five girls going toward the boards," Hutchings added.

Triad's dominance under the basket really became evident in the second quarter. Owens, who led the Knights with 23 points, chipped in 10 of those points in the second quarter. The Triad center was unstoppable on the short jumper.

"It was the boards again. I don't know what their stats look like, but I know we didn't get many rebounds," said the Granite City coach.

The 32-point final difference is a bit misleading. The Warriors trailed by 20 after the third quarter. Going into the final quarter the Warriors appeared to have the momentum on their side. They had outscored the Knights in the third quarter 8-7.

Five seniors were playing their last game for the Warriors. Alicia Melton, who had led the team in scoring all season, had 16 points in her final high school game. Senior center, Loretta Cox, chipped in five points. Forward, Betsy Barrington finished her season off with four points. Karen Sykes, who was out most of the season with an injury, put in two points. Senior guard, Lisa Wiser also played her last game in a Warrior basketball uniform.

"The girls hustled all year long. I had fun and I think the girls did too. All we can do now is look forward to next year."

Trojanettes eliminated

By GARY KING

Staff Writer

ALTON — Madison girls basketball coach Carol Cole summed up her squad's campaign best when she said it had been a "weird season." In light of Cole's statement, it seemed somewhat ironic that the Trojanettes season would end in unusual form.

With two of their starters absent from the lineup because they had missed the team bus, Madison was handed a 31-28 defeat by the Tigers of Dupu in Monday night's first-round game of the Alton-Marquette Regional.

The win by Dupu avenged an earlier setback that the Tigers had suffered when they visited Madison on February 18th. Madison won that contest 43-42 in overtime.

Early in the contest it appeared that the Trojanettes would be able to overcome the obstacle that was presented by Tammy Deal and Chelsea Smith's absence, when they capitalized on Dupu's inability to put the ball in the net and jumped out to an 8-1 lead by the end of the first quarter. Dupu's lone point came on a Trish Clark free-throw

MADISON	SCORING	8	7	4	9-28
DUPU		12	8	10	31
MADISON: A. Browley 10, S. Browley 8, Franklin 5, Brandon 5.					
DUPU: Clark 8, Linke 5, Doerr 6, Pratt 5, Gean 7.					

midway through the period.

The Tigers came to life in the second stanza, as four points apiece by Patty Doerr and Clark helped Dupu to draw within two, 15-13, at the intermission.

The Trojanettes lead was erased when reserve guard Deanna Gean sank a pair of free-throws to tie the score at 15-15 with six and a half minutes left in the third period. Things changed from bad to worse for Madison when Dupu rattled off a pair of buckets behind two blocked shots from forward Tammy Cooper to take a 19-15 lead midway through the quarter.

The Trojanettes tied the score once again when Alanna Browley and Bernadet Brandon each sank short jumpers, but a layup by Doerr gave Dupu a 21-19 edge by the quarter's end.

Behind Sharon Browley's seven-point performance in the final

quarter, Madison managed to stay within three of Dupu until their was just under a minute remaining in the ballgame. With just 18 seconds showing on the clock, Clark put the game out of Madison's reach when she sank a free-throw which gave Dupu a 31-27 lead.

Cole attributed much of the blame for the loss on the two absent starters.

"I don't know why Tammy Deal and Chelsea Smith missed the bus, they were off school today so all they had to do was show up at the school on time. Their absence put us short-handed, and it cost us getting some rebounds that we normally would've gotten. I really thought that we should have beat them easily."

"We had a young lineup on the floor tonight, and I thought they played really well considering the fact that some of those girls hadn't played much varsity ball this season. I guess the only real good thing about the loss was that it gave some of the younger girls a chance to get a lot of playing time," said Cole.

Tim Hogan Athlete of the Month

By DAVE WHALEY

Staff writer

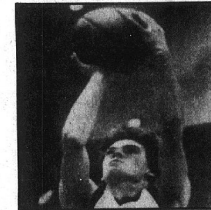

Standing at the free throw line with 22 seconds left in Friday's regional championship game against Collinsville, Tim Hogan knew he hadn't had his best night of the year.

To that point, the 5-9 junior guard, averaging 19.7 points per game, had been shut out by a Kahok defense designed to stop him. But Hogan extended Granite City's lead to four points and the Warriors survived a wild finish to gain a 55-53 win and a berth in this week's East St. Louis Sectional.

For his efforts in that game, as well as the entire month of February (and the whole season, for that matter), Tim Hogan has been named the Press-Record Athlete of the Month.

Hogan averaged 18.5 points per game in the eight games during the month. Included were a 33-point effort Feb. 15 at Belleville West (he made 17 of 18 free throws in that contest) when the Warriors won 82-75, and a 26-point game against Edwardsville Feb. 18.

Tim's play has been steady, and at times spectacular, all year. Going head-to-head against two of the best guards in the area Jan. 4, Alton's Larry Smith and Bobby Collins, Hogan stuck in 28 points in an 85-80 loss. But it's not just his scoring that has impressed Coach Don Deterding.

Tim Hogan

"Timmy can do a lot of things extremely well," Deterding said. "He's awful quick. His hands are not that quick, but he has quick feet. He jumps well and penetrates and opens things up for the other guys."

"I knew he was going to be a pretty good player," Deterding said. "But you always worry when you have a guy that small. But I'm not really surprised by what Timmy's done. He's very intense out there."

Collinsville used a variety of defenses Friday, but most of it was geared to stop him. I was worried about him getting a little frustrated, but the other parts of his game were still intact.

Hogan is the second-leading free throw shooter in the Metro East with

an 80.8 percent mark. He is tied for 10th in assists with 113 and 10th in steals with 69.

Other candidates for Athlete of the Month included:

Joe Gray, Granite City basketball: The 5-11 senior quarterbacked the Warriors through their current 10-game winning streak with his ball handling and clutch free throws. He is sixth in assists in the area with 167 and third in steals with 106.

Dale Turner, Venice basketball: The 5-10 sophomore guard at times was able to emerge from the rather large shadow of Jesse Hall to help the Devils in some close games with defense and free throws.

Tom Sparks, Granite City wrestling: Rebounding from a broken ankle suffered in midseason, the 145-pound senior came within one match of reaching the quarterfinals of the state meet last weekend in Champaign. He lost his first match but came back to win in the wrestlebacks before losing to Emmett Hugel of Chicago St. Patrick. Sparks closed the season with an 18-5 mark.

Mike Fenoglio, Granite City wrestling: The other Warrior wrestler to advance to the state meet, Mike unfortunately suffered a disqualification in his first round match against Matt McDermott of Oak Park (River Forest). The 155-pound senior had a fine season, however, finishing with a 35-6 mark.

throwing a bomb that almost hit the scoreboard to Zerrusen at the far end of the court. Zerrusen leaped to bat the ball harmlessly back into bounds as the final second ticked off.

"They pressed us for all we had," said Teutopolis Coach Ken Crawford. "What a great team Venice has. Jesse Hall is unbelievable. Ware and (Dale) Turner are super players also. That's the most points anybody has scored on us this year (the previous high was Madison, who had 64). Otherwise, we're only giving up 45 points a game."

It was, by far, the tightest game the Shoes had been involved in all year. They had won most of their games handily.

"It's the first time we've been down by 8 points that late," Crawford said. "But we've played good competition. I wasn't too worried about how we would respond."

Unbelievably, Hall said afterwards he could have contributed more. He did miss some free throws and went out of bounds at the end, but it's hard to imagine how he could be blamed.

"I knew it wasn't over until the buzzer sounded," Hall said as Teutopolis players stepped by to congratulate him. "They weren't

the toughest team we played this year. I felt they were just another team for us."

And although he wouldn't admit it, the 6-3 junior had to be inspired by the large crowd at Lantz Gym (almost 6,000 people).

"I was aware of some of them, but I really didn't notice how many there were in the upper sections," he said.

Harris said the crowd probably psyched up his team, rather than intimidating it. But he would like to change the last three minutes of the game.

"We tried to dribble when we should have passed sometimes," he said. "A couple of players panicked when we threw the ball away. But we could beat their pass, and we did. We're probably the toughest team they played all year and I don't think their coach would say otherwise."

Venice committed 15 turnovers in the game to only eight for

Teutopolis.

It was almost a home game for Teutopolis, which had only 30 miles to travel for the game. The Shoes had most of the fans, but the Devils stayed right with them in an exhilarating first half. There were never more than five points separating the two teams throughout the half. Zerrusen scored at the buzzer to give the Shoes an 18-15 edge after one quarter and he hit two free throws to give them a 30-25 lead.

But Venice came back and collected three straight 3-point plays, one by Ware and two by Hall. The last one tied the game at 36-36 and then Turner stole the ball.

He found Hall streaking behind the defense and Jesse soared like an eagle from almost the free throw line and stuffed the ball through as the roof almost came down. Hall followed with a free throw but turnovers allowed Teutopolis to gain a 40-39 edge at intermission.

Venice shot 64 percent in the half (16 of 25), but the Shoes shot 67 percent (18 of 27).

Hall had nine more points in the third quarter as Venice rallied to take a 54-52 lead into the final eight minutes. They quickly upped that margin to six on two Turner baskets, but soon got into foul trou-

Ware scored underneath to make it 48-40, but Teutopolis rallied on two Zerrusen baskets and one by Kroeger. Hall had one last basket with 1:45 left to make it 71-68, but Theo Hemman and Ted Wiessing scored to give T-Town a 1-point lead with 59 seconds left. Zerrusen blew a dunk attempt with 42 seconds left but the Devils one final chance, but it wasn't in the cards.

"He's kicking himself right now," Crawford said of Zerrusen's miss. "But he's been a great player all year."

Zerrusen finished with 25 points, Wiessing had 19, Kroeger had 16 and Hemman had 15 as the Shoes finished with 30 of 55 shooting (55 percent). The Devils made an incredible 70 percent of their shots (30 of 43) and still lost. Turner joined Hall and Ware in double figures with 10 points.

The Venice coaching staff left the gym in baseball caps, possibly preparing for the next sport. But the 1986-87 basketball season is in their minds.

"It was my toughest loss," Harris said.

SIU ends regular season with win

By AL BARNES
Staff writer

EDWARDSVILLE — The Cougar basketball team saved its best effort of the season for Monday night as they defeated an outstanding quintet from Indiana, the St. Joseph Pumas, 89-73.

The impressive win gave Larry Graham's cagers the best record (22-6) in the school's 19-year history and kept the Cougars unbeaten at home (14-0). They have won 16 of their past 17 games.

It took red-hot shooting from the floor (39 of 64) to turn back the Pumas, who dropped to 19-10 in closing out their season. The Cougars shot 60.9 percent from the floor and the Pumas shot 56.4 percent (31 of 55).

Perhaps lulled by the fact they had already earned their first trip to the NCAA Division II tournament, the Cougars seemed a little sluggish in the first half. And they had to battle back fiercely late in the first half to tie the score at 35-35.

Or maybe it was Graham's decision to start a lineup primarily of

seniors: Dave Jones, Mike Dillon, Dwight Newsome and Anthony Webster. Before he went to his regular starters, that permitted the visitors to make a run in the first half.

The Joe players couldn't match the Cougars at the foul line. SIU was 11 of 15 from the line and the Pumas were 11 of 22.

Carrying the scoring lead for the Cougars were Webster (19 points) and John Edwards (18). Webster had three early fouls, however, and played only 25 minutes.

Two smaller Cougars provided help. Jimmy Jappa hit for five baskets in the first half, and then, down the stretch, when the Pumas threatened to ruin the Cougars' last home game, Kenny Stanley connected on six outcourt shots and two free throws to slam the door.

Matt Weber paced the losers with 21 points and was helped by Stan Kappers' 18 points and Mark Wingard's 13 points.

The Cougars play Lewis University of Joliet in the first round game of the Great Lakes Regional at Dayton, Ohio, tomorrow at 5 p.m.

Warriors

(Continued from page 9A)

gave West a 17-11 lead. Taylor cut the lead to 17-13 after the first eight minutes.

Granite City struck with cat-like quickness in the second quarter. Jamie Hogan scored on a jumper and got another basket off a fast break and steal from brother Tim. In the process, Jamie was fouled and made the free throw.

From that point on, the Warriors never trailed.

Two free throws by Taylor gave Granite City a 28-20 lead, their biggest of the quarter.

French scored six points in the final two minutes as West cut the lead to 35-32 at halftime.

The third quarter opened with the Warriors hitting their first three shots from the floor and widening their lead. Granite City led 52-45 after three quarters.

Free throw shooting helped the Warriors ice the game in the fourth

quarter. Granite City was 12 for 14 from the line in the final period, including a stretch where they hit 10 in a row.

Weekly Health Tip

By Steve Burdge, R. Ph.

TOXIC SHOCK SYNDROME

Harvard physicians state that "toxic shock syndrome" is due to the modern tampons super-absorbing ability. They keep absorbing all day, swelling, and eventually blocking the vagina completely, with fluids backing up into the uterus. If left inserted for a full day, staphylococci germs multiply in the warm moisture and produce vast amounts of poisonous toxin. To avoid this, Public Health Service urges women to change tampons several times a day, regardless of brand.

Preceptor donates to Alpha Center

Members of Preceptor Beta Gamma Chapter of Beta Sigma Phi Sorority met in the home of Robert Crawford and brought a number of personal care items to be donated to residents of the Alpha Center for Women.

President Marilyn Lumpkins conducted the opening and closing rituals and the business meeting. Members worked on orders for special sorority items from the International Office to be used during upcoming spring functions.

The president appointed Mrs. Crawford to work with pledges in completing their pledge training.

Since the chapter is in charge of decorations for the annual Founders' Day dinner, the members discussed ideas to complement the theme for 1985-86, "Walk in the Sun, Find Renaissance."

Linda Koenig presented the program for the evening, "Numbers and Letters," familiar phrases using numbers and letters which "describe things we see or discuss regularly."

Also attending were Carolyn Walsh, Barbara Hente, Vickie Barth and Joan Pritchard.

Mr. and Mrs. Donald Cook

Mr. and Mrs. Donald Cook celebrate 25th anniversary

Mr. and Mrs. Donald Cook of Granite City celebrated their 25th wedding anniversary at a reception held at Bethesda Baptist Church, 3035 Nameoki Drive.

Mr. Cook and the former Earline Joyce were married in Granite City on Nov. 12, 1960, by the Rev. Austin Fisher.

They are the parents of Sheryl Cook of Granite City.

The reception was attended by 100.

Mr. and Mrs. Stacey Walker

Mr. and Mrs. Stacey Walker mark 35th anniversary

Mr. and Mrs. Stacey Walker, 2938 Morgan Ave., will celebrate their 35th wedding anniversary Thursday, March 6.

Mr. Walker and the former Mildred "Miggle" Powers were married in Piggott, Ark., in March 1951. He is retired from the U.S. Army after 20 years' service and has

worked at Granite City Steel for 16 years.

They are the parents of four children, Charles E. Nicholls, Granite City, Mildred Beeskirk, LaCrosse, Wis., Sharon McWilliam, Mesa, Ariz. and Sue Goodman, Granite City.

There are 18 grandchildren and four great-grandchildren.

Girl Scout Week begins Sunday

Girl Scout Week will be observed beginning Sunday, March 9, to coincide with the 25th anniversary of the River Bluffs Girl Scout Council.

Prior to the social event the couple renewed their wedding vows, with the Rev. Luther Abbott officiating.

They are the parents of Sheryl Cook of Granite City.

The reception was attended by 100.

Members of Junior Troop 47 of Niedringhaus School will color posters noting the celebration and their creations will be displayed in windows of local stores.

Council officials are extending an invitation to those interested in volunteering time with the Girl Scout movement to call the River Bluffs office at 345-1606.

Locally, Girl Scout and Brownie troops are planning special activities for the annual celebration.

Mr. and Mrs. Frank Scziglak

40th wedding anniversary of Mr. and Mrs. Scziglak

Mr. and Mrs. Frank (Zella) Scziglak celebrated their 40th wedding anniversary during the weekend at the Granite City Township Hall.

The social event was given by their children, Barbara and Clay Haddock and family, Kevin, Keith and Kathy, of Granite City and Pamela and Joel Jacovitz of Atlantic City, N.J.

Pastor C. Dale Edwards of the First Assembly of God Church, where the honorees are members, gave prayer at the evening meal. He was accompanied by his wife, Dotie.

Mr. Scziglak is a former resident of Hammond, Ind., and has lived here for 48 years. He worked at Granite City Steel for 30 years prior to his retirement.

His wife, the former Zella Davis, is a lifelong resident of Granite City. Out-of-town family members attending were Mrs. Jessie Anchich of Hammond, Ind., Ann and Tony

Topolski and Terri and Bob Thornton of Munster, Ind., Dotti, Tom and Michael Topolski of Merrillville, Ind., Carol, Laurel, Crissy and Ralphie Hardesty of Homewood, Ill., Dr. and Mrs. Robert Schmidt of Michigan City, Ind., Sharon and Cal Calvanese and John Dennis of Belleville, and Sandra Schmidt, Candy, Larry, Amy and Nicholas Butkovich and Verna, Anthony, John and Sara Germanceri of Highland.

Attending from this area were Mrs. Alta Davis, Margie and Jim Floyd, Betty and Gene Forshee, Mary and Jim Steele and Paul Davis.

Stephanie Lovacheff was honored at the event on her 19th birthday with gifts and a saxophone solo by Kevin Haddock. He also performed and dedicated "Satin Doll" to his grandparents.

Bess and George Stevenson and son, Allen, assisted the family at the reception.

Q: Will my spouse, as my beneficiary, have to take all of the money in my IRA at one time and pay income tax on it?

A: No. Your spouse could do that if desired, but if there is a sizeable amount in your IRA, taking it, all at once, would cause a higher income tax bracket, resulting in a large income tax. Usually, the preferable solution is for the spouse to roll over the money in the account into his or her own IRA. This way your IRA will be treated as if it were always your spouse's IRA. There will be no income tax paid on these funds until the spouse begins making withdrawals from the IRA account. In most cases, if the beneficiary is someone other than a spouse, the entire amount in the account must be withdrawn within five years of the account owner's death. The exception is if the account owner had already started to take periodic withdrawals from the IRA. In this instance, the beneficiary would receive payments as agreed to in the original withdrawal arrangement.

Auxiliary holds memorial services

Memorial services were held by Eagles Auxiliary 1126 at the Eagles Home for 77 members who died during the years 1938 to 1986.

The ceremony included prayers and placing of a white wreath and roses on the altar. Candles on a large candelabra were extinguished as each deceased member's name was read.

Services were conducted by Angie Buehler, president; Eileen Rickett, junior past president; Linda Clayton, vice president; Florence Stokes, chaplain; and Kathy Benda, conductor.

The officers were escorted into the meeting hall by the escort team, which included Florence Hagnauer, Marilyn Laycock, Vincine Zerlin, Yvonne Gray, Helen Lipchik, Ann Konopka, Kathy Barnhart and Mikey Patton. Songs were sung by Emma Portell, accompanied by pianist Marge Kindell.

Investigating Chairman Bonnie

Jacobs reported favorably on two applicants, and one application for membership was read.

A report was given on a recent pizza sale held to benefit the escort team, which will compete at the Illinois Eagles Auxiliary convention in June.

The Tri-City Area Chamber of Commerce announced plans for a citywide clean-up program April 26 through May 2.

Visiting Chairman Ann Konopka reported sending a sympathy card to Ellen Yikopsa, a get-well card to Mary Nemeth, and a baby congratulatory card to John and JoAnn Aubuchon. A thank you card was received from the family of Lucy Baumeyster, a recently deceased member.

Prizes were awarded to Mary Horvat and Florence Stokes and refreshments were served by hostesses Mary Nemeth, Ann Sporic and Mary Horvat.

Social notes

Staff writer

AMY MARIE BARKER celebrated her ninth birthday at a dinner party Sunday afternoon, hosted by her great-grandparents, Mr. and Mrs. Arcoline Lombardi of Granite City.

After dinner, the honoree opened her gifts and later a dessert course was served.

Guests present were Mr. and Mrs. George Barker Sr., grandparents, and Mr. and Mrs. C. E. Coulson. Mrs. Mary Kristian, Edward Barker, Miss Elizabeth Clay, Mrs. Becki Ritter, Mr. and Mrs. Mark Price and the guest of honor's parents, Mr. and Mrs. George Barker Jr., her sisters, Samantha and Ashley, and brothers, George III and Jason. She shared honors with her uncle, C.E. Coulson, who also celebrated his birthday.

COTTEY COLLEGE'S HISTORY

was given by Martha Delevski, Barbara Houston, Maria Papa and Bonnie Loftus for members of Chapter KU, P.E.O. Sisterhood.

Mrs. Loftus hosted the meeting and President Mary Jo Dame presided.

Refreshments were served to Mindy Nasir, Beth Spengler, Mary McCarty, Bessie Coolidge, Carol Davis, Selma Nelson, Sandy Palovich and Rita McConnell.

The March 11 meeting will be in the home of Jean Maxwell.

EDITH RYAN entertained the Butterfly Pinocle Club at her home 2259a Grand Ave., last week. Prize winners were Irene Willis, Thelma Schmidt, Harriet Hoff and Hazel Rollins.

Others present were Juanita Rosenberg, Nell Talley, Lorraine McIlvory, Mary Lou Claussen and Katie Hommert. Mrs. Claussen will host the next meeting.

BIRTHDAY HONOREE Amy Schillinger celebrated her eighth birthday at an overnight party in the home of her parents, Mr. and Mrs. David (Kathy) Schillinger, 708Q Meadowlane Drive.

A Rainbow Bright theme was used. Games were played and a special movie was viewed by the guests.

Present were her brothers, Adam and Alex, and Stacy San Soucie, Trisha Sumpter, Nicole Hamilton, Amanda Timmons, Amy Worthen, Christi Castille, Lori Fernandez, Hillary Ryan and Jill Wozniak.

Granite City BPW club initiates new members

Mrs. Rose Stern, membership chairman of the Granite City Business and Professional Women's organization, conducted an initiation ceremony for seven new members at a meeting at Charlie's Restaurant.

Initiates and sponsors included Beverly Partney by Lela Guhinny, Kathi Thompson by Hazel Rollins, Darlene Laub by Becky Slate, and Agnes Barunica, Kathie Williams, Deborah Cruse and Deborah Zedek, all by Mrs. Laub.

Mrs. Stern announced another new candidate for membership, Gloria Druhe, sponsored by Hazel Rollins, was accepted during the meeting and it was noted the organization now has 73 members.

Kathleen Clark, a training coordinator at Granite City Steel, was the guest speaker. She spoke on "Communications" after being introduced by Jeannie Hornberger, program chairman.

Mrs. Clark, a three-month member of the group, said, "Communication is important to everyone and is part of everyone's business, social and private lives. Without it, people would get little accomplished. Both the talker and listener are of equal importance."

She advocated listening with an open mind, and clarifying and summarizing what the speaker is saying. "If one becomes a better listener, he or she will become a better communicator," the speaker said.

President Becky Slate opened the session and announced the organiza-

tion endorsed Lorene Sadrakula for treasurer of District XIV and Joy McCloud as a member of the state foundation committee.

The president reported that all year-end reports were completed and mailed by the Feb. 15 deadline.

Mrs. Slate noted the state legislative conference was set for March 1 and 2 in Springfield. The District XIV spring district meeting will be March 9 at the Ramada Inn in Alton, the East Meets West luncheon will be March 16 at the Holiday Inn in Collinsville, and the Tri-State luncheon is to be at the Executive Inn in Evansville, Ind.

Becky Jones informed members that Joy Caschetta, the Young Careerist candidate for the club, was named runner-up in the District XIV speakoff.

The event was held at Our Lady of the Snows, Belleville, in February. Barbara Marco, an Edwardsville attorney, won first place. Other participants were from Alton, Gateway of Granite City, and Highland.

The winner will advance to the Illinois Federation Speakoff in April. Other local members attending the Belleville event were Rose Stern, Hazel Rollins, Ramona Burnett and Mattie Pope, the candidate's mother.

The next meeting is set for March 19 at 6 p.m. at Charlie's Restaurant.

Girl Scout troop hears Harry Briggs

Harry Briggs, principal of Niedringhaus School, was present at a meeting of Girl Scout Junior Troop 47 at Niedringhaus.

The girls are working on requirements for the junior citizen badge and he participated in a question and answer session.

Those in attendance were Kim Barrios, Dana Clements, Margaret Christiansen, Jennifer Mathews, Christy Wright, Tammi Sheppard, Anne Hewlett and leader Pam Mathews.

World Day of Prayer scheduled for Friday

World Day of Prayer on Friday, March 7, is a worldwide call to prayer observed by Christian women of many traditions in the United States and more than 170 countries and regions of the world.

The 7 p.m. service will be held at Nameoki United Presbyterian Church, 1700 Pontoon Road.

"Choose Life," theme of the 1986 service, articulates choices women are called on to make if peace is to be achieved in today's world.

The theme is a challenge to women of the world from Australian women who wrote this year's World Day of Prayer worship materials. It calls women to make decisions and take actions that will begin to change injustices and inequities that cause suffering to countless numbers of people.

The service, celebrated this year for the 99th consecutive year, began in the U.S. in 1887 as a day of prayer for missions by women in the Presbyterian Church. It now has spread worldwide and acts as a catalyst for women to come together in continuing relationships of prayer and action for peace, a spokesman said.

Church Women United, sponsor of World Day of Prayer in the U.S., is the ecumenical movement that brings Protestant, Roman Catholic and Orthodox women into a Christian community of prayer, advocacy and service. CWU represents a broad spectrum of religious tradition, race, age, economic status and ethnic background and works through a national unit, 32 state units (including Washington D.C.

and Puerto Rico) and 1,800 local units.

World Day of Prayer offerings make possible, in part, the mission of CWU, including the Intercontinental Grants for Mission program that funds national and international projects in support of the empowerment of women, human rights, justice and peace.

Ruth Toomey, area chairman for Southwestern Illinois Church Women United, will be the main speaker of the evening. Miss Toomey is a member of First Baptist Church, Wood River, is president of American Baptist Women, chairman of the World Mission Support Committee and vice president of Leadership Development of American Baptist Women of Area V, Great Rivers Region.

She is a past CWU president and is active in other service organizations, including being assistant state director of the American Association of Retired Persons.

Other participants, including representatives from at least four denominations, will be Lena Seitzer, president of the CWU, Doris Edwards and Dorothy Kinney, vice presidents, Ruth Jensen, treasurer, Ethel Palm, Arlene Smith, Joan Roberts, the Nameoki United Presbyterian choir, Esther Doehler, organist, and liturgical dancers from the First United Presbyterian Church, Collinsville, under the direction of Lisa Neal.

The public — men and women — is being invited to attend. Child care will be provided, Mrs. Seitzer said.

First Assembly church starts new classes

First Assembly of God, 24th Street and Grand Avenue, will begin three new adult Sunday morning classes.

Pastor C. Dale Edwards will direct "You and Your Teen" and deal with resolving parent-teen conflicts and creating a positive family atmosphere.

"What's Ahead," a prophecy survey, will be taught by John Patrick and will deal with major themes, "Impossible Questions," with the Rev. Pete Baker, Christian education director, will address such questions as "Is Christianity a crutch?" and "Why does God allow evil?"

Three other adult classes, the Lydia Class for senior ladies, taught

by Margaret Pithers, Men's Bible Class, with Frank Bechtel, and Harmony Class, instructed by John Pithers Sr., are additional ongoing classes at First Assembly.

All classes begin at 9:30 a.m. Sundays and are open to the public.

Musical program at Gospel Light House

The Gospel Light House, 2635 Missouri Ave., will host a "Singspiration" on Sunday, March 9, from 2 p.m. to 4 p.m. featuring the Burkett family.

The Freedom Gospel Singers and the Gospel Witness group will also perform, according to the minister of music, Mary House.

Contribution

BARBARA YOUNG, president of the board of directors, of Phoenix Crisis Center, second from left, accepts a check for \$50 from Mary Ann Harris, treasurer of the Knights of Columbus Ladies' Auxiliary. Others are, from left, Kathy Burdge, auxiliary president, and at the far right Karen Miosky, vice president.

St. Patrick dance at St. Elizabeth

Final plans for the annual St. Patrick's Day dance at St. Elizabeth Catholic Church were announced at the February meeting of St. Elizabeth Ladies Sodality.

The event, which is open to the public, will take place on March 15 in the school cafeteria. Tickets may be purchased at the door for \$4 per person. Music for dancing will be provided from 8 p.m. to midnight by the Horizons.

President Joanne Waymire presided and Father Henry Schmidt led opening prayer.

She announced a "Poor Man's Supper" will be held March 22, with the youth group of the church serving the meal after the 5:30 Mass.

Other projects include a bake sale March 23 following each Mass and a Seder Supper on Holy Thursday.

Phyllis Shaver received the evening's prize, Mabel Logan won a madonna and the second and fourth grades tied for top attendance. Refreshments were served by first grade pupils' mothers.

Lenten service at Dewey Ave. Church

The fourth of united Lenten services being held in the United Methodist Churches of Granite City and Madison will be conducted in the Dewey Avenue United Methodist Church, Dewey Avenue and W. 22nd Street, Sunday, March 9, at 7 p.m.

The host church will provide special singing and the message will be given by the Rev. John Davis, pastor of Good Shepherd United Methodist Church.

The offering being received in these services is being divided between the Rev. Rick Newbury, missionary to the Red Bird Missionary Conference in Kentucky, and the Tri-City Mission Council of the United Methodist Churches in Granite City and Madison.

There will be a time of fellowship with refreshments following the service. The public is invited to attend, the Rev. Vernon Brown, host pastor, said.

THE LAW AND YOU

BY RICK REED
Attorney At Law

Many landlords never enter into a written lease with their tenants. They simply operate on an informal basis with both parties understanding the amount of rent which is to be paid. Sometimes a dispute arises between a landlord and tenant in these situations where there is no written lease. It then becomes important to understand the rights of the respective parties in these matters.

When there is no written lease for a definite term, Illinois law presumes that the parties are operating under a month to month tenancy. This means that the landlord can give the tenant 30 days written notice to leave the property. Likewise, the tenant can give the landlord the same notice of his intention to vacate the property. Neither is obligated for an extended period of time, and this can prove to be an advantage or disadvantage depending on the circumstances of the parties.

In one recent case, a tenant became dissatisfied with the condition of his apartment. There was no written lease, and he notified the landlord in writing that he would be leaving in ten days. This notice was provided on January 21 and the tenant was gone by February 1. The

landlord sent him a bill due to the fact that he did not receive the requisite 30 day notice. The case wound up in Court, and the Judge assessed the tenant the additional rent.

In another case, a tenant without a written lease had lived in an apartment for more than two years. She had always been a model tenant, and she was never late with the rent. In the middle of winter, she received a 30 day written notice from the landlord to vacate the premises. She inquired as to whether the landlord needed a good reason to terminate her tenancy. With a month to month tenancy, the landlord can evict the tenant for any reason or for no reason at all as long as the proper notice is given.

It is apparent that there are certain disadvantages to the informal month to month tenancy. The tenant can be forced to leave with very little opportunity to make other arrangements, and the landlord likewise can find himself without a renter with only 30 days notice. On the other hand, many landlords and tenants like this informal arrangement because it gives them the freedom to remove themselves from an undesirable situation.

PUBLIC NOTICE

Notice of Filing Testimony and Exhibits Concerning Cost of Fuel Adjustment Charges and Cost of Gas Adjustment Charges.

To Patrons of Illinois Power Company.

The Illinois Power Company hereby gives notice to the public that it has filed with the Illinois Commerce Commission in Docket No. 85-020 testimony and exhibits showing: (a) total revenues collected under the provisions of its Fuel Cost Adjustment Clause and the Adjustment for Cost of Purchased Gas Clause contained in the Company's Schedule of Rates for Electric Service (Rider F of Ill. C.C. No. 27) and Gas Service (Riders A and B of Ill. C.C. No. 25) including base rate revenues recovering fuel and gas costs, and (b) the total actual cost of fuel presently purchased during the period January 1, 1984 through December 31, 1984.

All parties interested in this matter may obtain a copy of the testimony and exhibits by direct mail from the Company or by addressing the Chief Clerk of the Illinois Commerce Commission, Springfield, Illinois 62216.
